

PALS

(Patient Advice and Liaison Service)

Here to help

Who can PALS help?

PALS help people who use the NHS (National Health Service), their families, friends and carers.

Anything you tell us will be kept private and confidential.

How can PALS help you?

We will listen to any worries about your healthcare.

We will help you with any problems you have with the NHS.

We will tell you
about other services
who could help.

We will listen to
your ideas to make
services better.

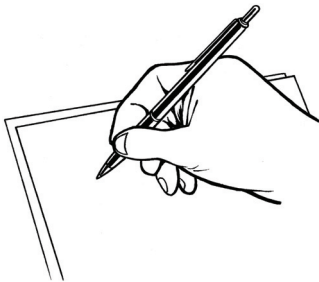

How can you get help from PALS?
